

**COMMON SHARES OF IROC SYSTEMS CORP. TO RESUME TRADING**

Red Deer, AB / March 17, 2003 / CNW / the common shares of IROC Systems Corp. (“IROC”) (TSXV: ISC), the resulting company from the amalgamation of IROC Systems Corp. (TSXV: IRC) and SAT-TEL Corporation (“SAT-TEL”) (TSXV: SAJ), having now been issued the Certification of Amalgamation by Industry Canada, will begin trading on the opening of the TSX Venture Exchange on March 18, 2003, under the symbol ISC.

**About IROC Systems Corp.:**

IROC Systems Corp. is an Alberta based, fully integrated safety services company that has provided downwind air quality monitoring and related safety services to the energy sector since 1984. IROC has developed key technologies to address remote air quality monitoring, and has recently expanded operations to provide the fully safety services for drilling completion, production and plant shutdown/turnaround projects for its clients. Also, IROC specializes in the integration of wireless and satellite technologies to deliver connectivity solutions for specialized markets. IROC offers real time reporting and mission critical monitoring to remote and rural field locations and compression and router services to provide high speed internet access in areas that have no land based alternative.
