Calgary, AB/ November 25, 2005/ - IROC Systems Corp. (TSXV:ISC) announces financial results for the nine months ended September 30, 2005. Revenue for the nine months was \$18,750,605 as compared to \$5,819,877 for the nine months ended September 30, 2004. Earnings before interest, taxes, depreciation and amortization (EBITDA) was \$3,889,789 for the nine month period compared to \$761,220 for the nine month period ending September 30, 2004, while the net earnings was \$1,128,413 for the period as compared to a net loss of \$282,096 in the corresponding period of 2004.

Revenue for the three months ending September 30, 2005 increased to \$8,864,479 as compared to \$2,354,920 for the three months ended September 30, 2004. The net earnings were \$992,287 for the third quarter of 2005 as compared to the net loss of \$263,316 for the three months ending September 30, 2004.

Mr. Alford commented that, "despite ongoing weather issues the operations of the Company in the quarter were in line with management's expectations. We continued to move new equipment into the field across all our operations during Q3 and we believe the full strength of the Company will become more apparent during Q4 and into 2006. Also, we believe that the September acquisition of the Kodiak assets, the Canada Tech purchase and the rollout of 6 more service rigs beginning in November will result in a significant impact on the Q4 revenues and cash flows."
