IROC SYSTEMS CORP. TO ACQUIRE AN OIL & GAS SERVICES RENTAL
BUSINESS

IROC APPOINTS ADDITIONAL DIRECTOR TO BOARD OF DIRECTORS

Calgary, Alberta CANADA, March 17, 2006 /FSC/ - Iroc Systems Corp. (ISC - TSX Venture), announced that it has entered into a Letter of Intent with the shareholders of Blowout Control Tools Inc. ("BCTI") of Red Deer, Alberta to purchase all the issued and outstanding shares of BCTI. BCTI operates an equipment rental business servicing the oil and gas industry in Western Canada.

IROC will pay the shareholders of BCTI total consideration of \$3.45 million dollars which will be paid partly in cash and partly by the issuance of 373,711 common shares of IROC at a deemed price of \$3.88. The transaction is slated to close on March 31, 2006.

Mr Tom Alford, President and Chief Executive Officer of IROC stated that "we are very excited about the opportunity to acquire Blowout Control Tools Inc. because we believe that not only will the IROC Energy Services Partnership benefit from acquiring BCTI's strong business and unique product lines but the acquisition also provides the IROC partnership with a new platform to offer additional rental products and services to the oil and gas industry." Mr Alford further commented that "we expect that the acquisition of BCTI will be another successful example of IROC's continuing commitment of creating new and different avenues to enhance our organic growth"

The completion of the acquisition is subject to a number of conditions including, but not limited to, the receipt of all required regulatory approvals, and the acceptance of the transaction by the TSX Venture Exchange.

IROC also announced that Newton (Trey) Wilson III has agreed to join the Company's Board of Directors. Mr. Wilson is currently the Senior VP, General Counsel and Corporate Secretary for Key Energy Services Inc. of Midland, Texas.

About IROC Systems Corp.

IROC Systems Corp. is an Alberta based oilfield services company that has provided equipment and personnel in the area of downwind air quality monitoring and safety services to the energy sector since 1982. IROC has developed key technologies to address remote air quality monitoring, designed and deployed new air breathing systems and provides a full line of safety services for drilling, completion, production and plant shut down operations. Additionally, through the IROC Energy Services Partnership, IROC operates service rigs across Central and Southern Alberta, provides premium communication solutions and is active in the area of environmental reclamation and remediation. Also, through its subsidiary Canada Tech Corp., IROC develops, manufactures and markets of a line of tools and systems that measure pressures in the downhole and surface environment of oil and gas wells.
