

**IROC ENERGY SERVICES CORP.
FOURTH QUARTER AND YEAR END 2007 RESULTS CONFERENCE CALL &
WEBCAST**

Calgary, AB / March 11, 2008 / IROC Energy Services Corp. (“IROC” or the “Corporation”) (TSX: “ISC”) will release the Corporation’s financial results for the fourth quarter and year ended December 31, 2007 on Wednesday March 26, 2008 prior to the market open and will conduct a conference call on Wednesday, March 26, 2008 at 2:30 p.m. MST (4:30 p.m. EST). IROC’s management will review financial results for the fourth quarter and year end of 2007. The call will be hosted by Tom Alford, President and Chief Executive Officer, and Kevin Howell, Chief Financial Officer.

To access the conference call, contact the conference call operator at 1-866-540-8136 (North America) and 416-340-8010 (Toronto and outside North America) approximately 10 minutes prior to the call and request the “IROC Energy Services Corp” fourth quarter 2007 results conference call. The call will be open to all analysts, investors and other interested parties.

A replay of the conference call will be available until April 2, 2008 by calling 1-800-408-3053 (North America) or 416-695-5800 (Toronto and outside North America) and providing verbal passcode 3255548 #.

The conference call will also be available via webcast by going to IROC’s website (www.iroccorp.com) and clicking on the link on the main page. The webcast will be available until Wednesday April 9, 2008.

About IROC Energy Services Corp.

IROC Energy Services Corp. is an Alberta based oilfield services company that, through the IROC Energy Services Partnership, supplies a comprehensive and diverse range of products, services and equipment to the oil and gas industry, including: IROC’s well servicing division, Eagle Well Servicing, which operates free standing single and double service rigs across Central and Southern Alberta; IROC’s drilling division, Mission Drilling, which began operations in the first quarter of 2007 when IROC purchased four drilling rigs rated to depths of approximately 3400 meters; IROC’s rental division, Aero Rentals, which offers a wide range of rental equipment to the oil and gas industry in Alberta; IROC’s environmental division, Envirocore, which offers lease building and road construction services; IROC’s safety division, IROC Safety, which has developed key technologies to address remote air quality monitoring, designed and deployed air breathing systems and provides a complete range of safety services for drilling, completion, production and plant shut-down operations; IROC’s communications division, Oricomm, which provides premium communication solutions to a variety of customers in the oil and gas industry; and Canada Tech Corp, which has developed and offers a wide line of memory gauges and permanent monitoring systems that measure pressure and temperature in the downhole and surface environment of oil and gas wells.
